

**HERITAGE CAR WASH - NEDERLAND, TX**

### **TEXAS WASH WORKS: ONE STOP SHOP**

We are your ultimate partner in the car wash industry, bringing several decades of experience and expertise to car wash owners throughout Texas. Our comprehensive services encompass everything from installation to maintenance, consulting, and even supplying your parts and chemicals, ensuring that your car wash always operates at its best. We specialize in turn-key car wash systems, offering complete solutions to get you up and running seamlessly. Our team of experienced professionals are dedicated to providing top-notch sales assistance, service, and chemical products to meet all your car washes needs.

We stock and install a wide range of genuine parts and components from leading manufacturers such as Motor City Wash Works, Washlink, NXT Wash, Minda, Washworld, Eurovac, National Pride, PDQ, Belanger, and more. This extensive inventory ensures that we can provide the right parts for maintenance and repairs, minimizing downtime, and keeping your business profitable.

Additionally, we offer high-quality chemicals, including conditioners, presoaks, wheel and tire cleaners, drying agents, sealer waxes, premium surface protectants, detergents, fragrances, rust inhibitors, and cleaners. Our comprehensive chemical offerings ensure that your car wash delivers the best possible results.

# YOUR COMPLETE DISTRIBUTION SOURCE!

## BUSINESS MODEL CLARIFICATION

Full-Service? Flex? Express? No worries, we can help you in defining the best business model for your needs.

## SITE SELECTION AND EVALUATION

With our team of industry veterans, we can assist you in selecting the perfect "A" site location so that you can maximize your potential.

## SITE LAYOUT

Our team will guide you to best fit and flow of your specific site to make sure that it is optimized for smooth and accelerated throughput while maintaining a great customer experience.

## SITE SPECIFIC DRAWINGS

Proof is in the details... Our team of CAD drafters will provide you with a complete set of mechanical drawings to ensure that your site stays on plan.

## CONSULTING

Our team has been a part of thousands of car wash projects around the globe. We can guide you through the difficult decisions of your car wash project.

## FINANCING

If you already have financing in place, great! If not, we can point you in the proper direction with our financial partners.

## INSTALLATION

With our factory trained distribution organizations and factory direct installation teams, we are sure to have you covered. Whether they work in together or independently, our team can get the job done... Professionally, efficiently and, cost effectively!

## OPERATIONS

What hours should you be open? How should you staff? Should you attend your auto cashiers? What vehicles need what retracts? How do I load cars? Let us guide you with our start-up and run training!

## TECHNICAL SUPPORT & SERVICE

We are here to help you! Our team of round the clock Technical Support is only a call away. And if you need a service call, we have hundreds of technicians within our factory trained service organizations that are ready to step in and help fix your problem.

## BRANDING

With 54 different color schemes available with our patented Color Skinz™, Glowash™, and our custom sign offering, Motor City offers the best branding option in the industry! Let us help you stand out from your competition.
